

- Group:

Working along

- Name:

Manqing Zhang

- UCSD e-mail:

maz026@ucsd.edu

- edX edge user name:

Manqing

- edX edge e-mail:

maz026@ucsd.edu

- The URL to grader:

<https://lifan.s3.amazonaws.com/hw3/f26cbb4c69826a3886e82d30f7a3d246/20190318063831/index.html>

- Development platform:

Mac OS

-Acceleration: none

-Explanation:

I am working along since milestone because my partner was doing nothing and missed the milestone submission. Our source code has similar classes because we at first share one github repository but the final submission is different since I then work alone. I don't know if he used my code or not. I didn't implement acceleration as a programming solo do not need to. Thanks for grading my homework.
